ARRUPE CENTRE FOR POLICY RESEARCH

Report

ACPR Conducted a workshop on video and audio editing training for students between 12th to 19th February 2019 to capacitate them on content preparation audio and video to strengthen ODL. Through this capacity building program, the trainer covered PPT (Animations), Photoshop (Flex, Invitation and Photo Designing work, Image correction work) and Video Editing (Methods of Video Coverage and Editing, Insert a pictures and voice). Mr. Justin Kennedy, Head of the Department of Computer Science and Applications and his team served as resource persons.

Training for Partners: Since our partners also involved in creation of video contents they need to undergo the video editing for the production of quality contents in terms of picturization and presentation for which we planned this training in consultation with our partners and Dr. Thamizoli, The partners were well informed in advance and the training was conducted in two phases like 3 days for first phase and second level follow- up training for two days was scheduled. Based on their suggestions we the programme was scheduled on (11-14 March 2019 for first level training). Discussion with the partners during review programme which was held on 23rd Feb 2019 to have this training programme well in advance but unfortunately, they are not able to make it hence it had been postponed to 14-16 March 2019 (Phase I), 29-30 March 2019 (Phase II) and completed two phases of training.
